## EDUCATION

### Indian Institute of Technology (BHU) Varanasi

*BTech in Mechanical Engineering*

Present  
Uttar Pradesh, India

### Sri Chaitanya College

*Senior Secondary - Percentage : 95.3%*

2020-2022  
Andhra Pradesh, India

### Sri Chaitanya School

*HighSchool - CGPA:10.00*

2019-2020  
Telangana, India

## WORK EXPERIENCE

### Software Engineering Intern - Famelyn [Link](#)

December 2025 - January 2026

- Developed and deployed a full-stack immigration lawyer web application using React.js for the frontend and Python for the backend.
- Built responsive, component-based UI and integrated it with RESTful APIs for real user workflows.
- Implemented backend logic, data validation, and database interactions to support client inquiries and services.
- Worked on end-to-end deployment, configuration, and testing in a production environment and collaborated on improving performance, usability, and reliability of the web application.

## PROJECTS

### Chat Flow

- Developed a dynamic social web application for online interactions and real-time chat using ReactJS for a responsive frontend.
- The user interface is both visually appealing and functional, enhancing user engagement. The backend uses ExpressJS and MongoDB for efficient performance and reliable data management.
- Implemented a global chat feature with Socket.io, a JavaScript library for real-time communication, enabling seamless and reliable user interaction.

### CSR Funding Platform

- Built a dual-sided marketplace using React and TypeScript to connect CSR funders with impact-driven organizations aligned to UN SDG goals.
- Designed responsive UI/UX with Tailwind CSS and Framer Motion, featuring secure role-based authentication and interactive dashboards.
- Implemented advanced filtering, project verification, and tiered subscription plans to support scalable social impact initiatives.

## TECHNICAL SKILLS

**Languages :** C, C++, Python, HTML, CSS, JavaScript, SQL

**Tools/Libraries :** VS Code, Git, EJS, Tailwind CSS, Stack Overflow, Figma

**Technologies/Frameworks:** Web Services (AWS), GitHub, React.js, Node.js, Express.js, Docker, Firebase, Supabase, Git, Mongo DB, RESTful APIs

## ACHEIVEMENTS

- Selected among India's **top 300** students for academic and leadership excellence by **Kotak Education Foundation**.
- Ranked in the **top 0.5%** in Build with India Hackathon among **25,000+** participants.
- National Finalist** in **NxtWave** Ai-Powered Hackathon among **13,000+** participants.
- Top **1%** Team in **Adobe** India Hackathon 2025, selected from **1,00,000+** teams nationwide.

## EXTRACURRICULAR ACTIVITIES

- TechnicalHead, Kashiyatra'25 – Led technical operations and coordinated teams for smooth, tech-driven execution.
- Event Executive, Technex'25 – Assisted planning, logistics, and participant flow for the institute's flagship fest.
- Event Executive, Jagriti'25 – Managed scheduling and on-ground coordination to deliver smooth, engaging events.
